Learning Targets		
Content Standards 2.4 Human Relationships and Sexuality: All students will acquire knowledge about the physical, emotional, and social aspects of human relationships and sexuality and apply these concepts to support a healthy, active lifestyle.		
Number	Common Core Standard for Mastery	
2.4.4.A.1	Explain how families typically share common values; provide love and emotional support, and set boundaries and limits.	
2.4.4.A.2	Explain why healthy relationships are fostered in some families and not in others.	
<p>Unit Essential Questions</p> <ul style="list-style-type: none"> • How do families typically share common values; provide love and emotional support, and set boundaries and limits? • How are healthy relationships fostered in some families and not in others? 		<p>Unit Enduring Understandings <i>Students will understand that...</i></p> <ul style="list-style-type: none"> • Families typically share common values; provide love and emotional support, and set boundaries and limits. • Healthy relationships are fostered in some families and not in others.
<p>Unit Objectives <i>Students will know...</i></p> <ul style="list-style-type: none"> • How families typically share common values; provide love and emotional support, and set boundaries and limits. • Why healthy relationships are fostered in 		<p>Unit Objectives <i>Students will be able to...</i></p> <ul style="list-style-type: none"> • Explain how families typically share common values; provide love and emotional support, and set boundaries and limits. • Explain why healthy relationships are fostered in some families and not in others.

some families and not in others.

Evidence of Learning

Formative Assessments

- Teacher observation
- Student participation
- Checklist
- Rubric
- Verbal question and answer

Summative Assessments

- Teacher observation
- Student participation
- Rubric score
- Verbal question and answer

Modifications (ELLs, Special Education, Gifted and Talented)

- Follow all IEP modifications/504 plan
- Shorter assignments when needed.
- Use of concrete examples before beginning activity.
- Cue student by stating name before asking a question, or speaking to them.
- Use of preferential seating.
- Provide opportunity for movement.
- Provide student with cool off location.
- Allow for additional time for written work as well as to comprehend and master skill introduced.
- Assign student a peer tutor/partner learner when necessary.
- Keep in mind learner's multi sensory, visual, and auditory style.
- Provide variety of size manipulatives to accommodate student needs.
- Provide extra worksheets for students who exceed given assignment.
- Allow students who exceed objective expectations, the opportunity to visit subject specified interactive websites.
- Provide more challenging opportunities with use of manipulative that will challenge the skill being taught to other students.
